INVITATION

to the 27th International Symposium "Deltas and Wetlands" 2019

Dear Mrs. / Mr. Dr. ,

It is our great honour to extend you the invitation to the 27th edition of the International Symposium "Deltas and Wetlands" 2019, which will be held in Tulcea, Romania, during the period 05-09 June 2019, under "Deltas and Wetlands" DDNI Scientific Event Community, which includes also the "DANS" – Danubius RI Support Final Conference (06 June 2019), FLOOD-serv Conference & Round Table (07 – 08 June 2019) and the "REPEAT" Conference (07 – 09 June 2019) - <http://ddni.ro/wps/events/deltas-and-wetlands-27th-symposium/>.

The value of the Symposium has increased from year to year, winning a beautiful tradition and the most recent achievements of the Danube Delta Biosphere Reserve and other wetlands. Thus, the Symposium creates the possibility to identify and discuss the scientific aspects related to the implementation of the European Environmental Directives at national level as well as those related to the cross-border and interregional cooperation.

The Symposium is structured in 4 main sections, covering a large range of research fields: *biodiversity assessment, aquatic ecology, natural resources, ecological restoration and human impact, GIS* and Application System Modeling. The participants will have the opportunity to communicate their research results through oral presentations and posters.

The agenda of the event contains:

- plenary presentations of personalities from the scientific world (**Keynote Speakers**)
- scientific communications (oral and posters) in the 4 sections,
- Round Table: **Biodiversity Monitoring: Taxonomic approach vs. Molecular approach**
- PICO presentations (Presenting Interactive Content).

Application in the Danube Delta Biosphere Reserve, one of the largest European wetlands known for its biodiversity and unique habitats, hosting an amazing range of habitats and life forms, a real museum of biodiversity, a natural genetic bank with incalculable value for the worldwide natural heritage.

We want to make this Symposium an absolutely memorable event that offers to participants a meeting place where experience and knowledge can be shared and exchanged, whether they are researchers, private companies or government institutions (central or local).

We will be honored to have you as our guest at the event and we invite you to send us the Application Form till 1st of March 2019 (annexed). For any details, please contact Mrs. Veronica Moşman, e-mail: veronica.mosman@ddni.ro.

Kind regards,

General Director

Dr. Biol. Marian TUDOR

The Danube Delta National Research and Development Institute has been certified ISO 9001 and ISO 14001 for the implementation and maintenance of an Integrated Quality and Environmental Management System by URS
